Aerial View of Excellence

Experience a bird's-eye view of Novamax's state-of-the-art manufacturing facility. This drone shot showcases our expansive infrastructure, cutting-edge technology, and commitment to delivering excellence in every product. It's a testament to our vision of innovation and world-class production.

Novamax is a leading name in the air cooling industry, recognized for its state-of-the-art manufacturing facilities and commitment to excellence.

Novamax is equipped with advanced manufacturing facilities and a skilled workforce, ensuring high-quality, innovative air coolers. With robust production capacity and stringent quality controls, Novamax consistently meets domestic and global demands with excellence.

MR. NIRDESH AGGARWAL
Chairman of Novamax

CHAIRMAN MESSAGE

We started this company in 2018, at Novamax, our commitment has always been to deliver state-of-the-art cooling solutions that enhance your comfort and elevate your lifestyle. From day one, we have focused on combining innovation, energy efficiency, and reliability to create air coolers that meet the highest standards of performance and durability.

We firmly believe that staying cool shouldn't come at the cost of the environment or your budget. That's why every Novamax Air Cooler is designed to be eco-friendly, easy to operate, and built to last—ensuring you and your loved ones enjoy fresh, soothing air every day. As Chairman, I am proud to lead a team that continually pushes the boundaries of technology, all while keeping our customers' needs at the forefront. We remain steadfast in our mission to provide exceptional products, unparalleled service, and to contribute positively to the communities we serve.

Thank you for placing your trust in Novamax. Together, let's make every season a season of comfort.

Warm regards

OUR VISION

Plan to expand our product portfolio by venturing into new categories such as washing machines and air conditioners. Also, over the next few years, we aim to significantly increase our sales while maintaining our commitment to top-notch customer service.

By using technology to streamline processes and enhance convenience, we are positioning ourselves to become the top player in the industry within the next three years. A leading innovator in the air cooling industry, has successfully shipped over 8,000 units of its premium air coolers to major global markets, including Dubai, Kuwait, Nepal, Sri Lanka, USA, Africa, and Bangladesh, during the last season. This milestone reflects the company's commitment to addressing the demand for efficient and affordable cooling solutions worldwide. As Novamax continues to enhance its product offerings, the company's success in international markets underscores its reputation for durability, superior cooling, and energy efficiency in extreme climates. This latest achievement aligns with Novamax's vision of meeting the needs of diverse climates and regions through sustainable and high-performance technology.

In line with this vision, we are also preparing to take a significant step in our corporate evolution: our Initial Public Offering (IPO) planned for 2026. This move underscores our commitment to transparency, accountability, and value creation for all stakeholders. By going public, we aim to accelerate our growth trajectory, strengthen our R&D capabilities, and solidify our position as a leading player in the electronics and cooling solutions industry.

**ULTIMATE COOLING
 IN LESS WATER**

MIST AIR COOLER

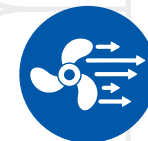

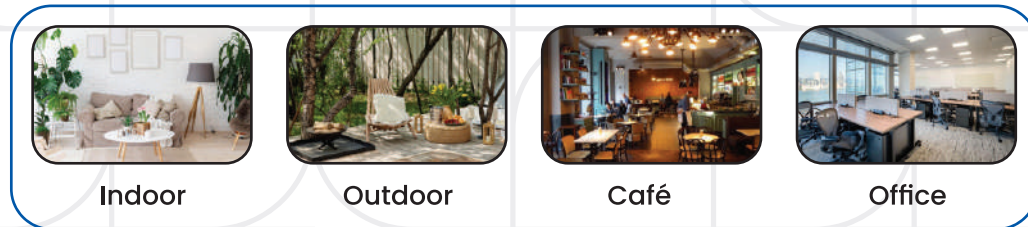

The Mist Air Cooler offers efficient and soothing cooling, perfect for medium-sized spaces. With advanced air circulation, energy efficiency, and a sleek design, it ensures comfort and style, making it an ideal choice for modern living.

Mist Air Cooler

TECHNICAL FEATURES	
Air Flow	4500 m3/H
Fan Size	16 Inches
Water Tank Capacity	75 Ltrs.
Rated Power	180 Watts
Vertical Louvers	Auto Swing
Horizontal Louvers	Manual
Colour	Black/Burgundy
Garden Hose Connection	Yes
Castor Wheels	Yes
Product Dimension (mm)	640 x 465 x 1230 mm

IDEAL FOR

POWERFUL AIR DELIVERY

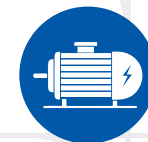

AUTO WATER REFILL SYSTEM

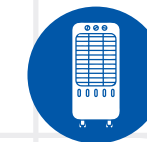

HIGH GLOSS DURABLE BODY

3 SPEED CONTROLS

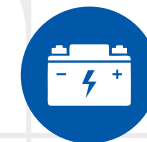

POWER PACKED STURDY FAN MOTOR

LARGE COOLING PADS FOR EFFICIENT COOLING

AUTO FILLING OF TANK

INVERTER COMPATIBLE

ZEPHYR AIR COOLER

The Zephyr Air Cooler combines sleek design with powerful performance, ideal for medium to large spaces. Featuring advanced air delivery, energy efficiency, and durable construction, it ensures consistent and refreshing cooling for ultimate comfort.

Zephyr Air Cooler
